In closing, Ms. Eldridge told the Board that the Circulation Statistics were down from last year at this time. She commented that, ‘When a cut is made to the materials budget, the operating hours and the library programs available, you will notice a drop in circulation and headcounts. This is disturbing to me, and we will wrestle with this for years to come’. Commenting on this, Ms. Garalynn Tomas added that she had recently read an article regarding national trends of library funding being cut, and that library services become paramount with a downturned economy.

Report of the Assistant Director

Ms. Whitney said good evening and apologized for being late.

Ms. Whitney updated the Board on the status of the Memorandum of Understanding, by stating that seven bargaining unit employees chose early retirement and four employees chose voluntary layoffs, which helped to reduce the number of required layoffs. There were a total of ten job eliminations, which was thankfully, less impact system wide, than anticipated. Ms. Whitney also said, ‘We are hoping to be done with all ‘bumping’ and be 99.9% completely done by March 6, 2010. Once completed, the effect of the changes then shifts to the managers and employees. Overall, we’re moving along and hopefully will have less confusion to the staff’.

In closing, Ms. Whitney told the Board that there was a new PC Reservation Policy in place at North Ridgeville Branch Library, and that is has been well received by both the staff and the public. She then asked if there were any questions, and said thank you.

Other

Ms. Eldridge had asked Board President, Ms. Garalynn Tomas, to appoint an AdHoc Committee (H.Virden, V. Leandry, J. Penwell, T. Campana, J. Eldridge and J. Wilson) for the Lorain School Board meeting. They reported that they had met with the Lorain School Board to discuss the ‘one high school campus’ proposal. Mr. Leandry stated that a sub-committee was necessary, because the school board is wanting an answer regarding LPLS involvement, very soon. Mr. Leandry also said LPLS expressed concern regarding how it is presented to the public, whether or not LPLS is a partner with the Lorain City Schools, or not. He said that the library also informed the school board that it is taking its time with the decision, but will continue to meet with them. Mr. Campana stated that the AdHoc Committee emphasized that the Lorain Public Library System does not have money to put towards the project. Mr. Campana also said it was discussed about sharing expenses by building a new library, vs. staying where the library is currently. He said that the Lorain City School Board is building a new high school regardless of LPLS’s involvement. He also stated that a new site had been chosen along the Black River, so as not to displace as many people as the originally proposed site would have. Ms. Penwell said that, ‘It’s important to clear up the notion around separate levies – it’s important that the public/community realizes that we still need separate levies, even though we may end up building a new library together with the Lorain City Schools’. Ms. Eldridge added that she thought the AdHoc Committee did a great job of representing the library. She also said the AdHoc Com told the School Board that, ‘We will not stick our neck out without community involvement and without citizen’s community meetings regarding the matter’. She also said that the School Board was informed that the Lorain Public Library System has its own mission, and that it is beyond operating as a ‘school’ library, and that it serves all the public. Ms. Eldridge also said that, ‘We have to be very careful moving forward, it is an interesting concept, but needs to work out the nuts and bolts of the idea’.
